Section 1 – Identification

Product Identifier: LiquiPowder Base
Part Number: L2O – B
Recommended Use: Liquid Carrier for Powder Coating
Ready for use with powder.
Restrictions on Use: Keep out of reach of children.
Not recommended for use on Medical equipment.
Not recommended for use on Aviation equipment.
Manufacturer / Supplier:
Tech Line Coatings, Inc
26844 ADAMS AVE.
MURRIETA, CA 92562
USA
Phone/Fax 1-865-773-0597
www.techlinecoatings.com

Emergency Phone: N. America +1-800-535-5053
Intl. +1-352-323-3500

Section 2 – Hazards Identification

Signal Word: Warning
Symbols:

Hazard Statements:
Harmful if swallowed
Causes skin irritation
Causes Serious Eye Irritation

GHS Classification:
Acute Toxicity Oral 4
Skin Corrosion / Irritation 2
Eye Irritation 2A

Precautionary Statements:
Wear eye and face protection, wear protective gloves. Wash hands, face and skin thoroughly after handling. Do not eat, drink or smoke when using this product.
If swallowed: Call a poison center / doctor if you feel unwell. Rinse mouth.
If on skin: Wash with plenty of water. If skin irritation occurs: get medical advice / attention. Take off contaminated clothing and wash it before reuse.
If in eyes: Rinse cautiously in water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advise / attention.
Dispose of contents / containers in accordance with local regulations. (See Section 13)

Section 3 – Composition / Information On Ingredients

Other ingredients are not hazardous based on OSHA standard Section 29 CFR 1910.1200

Section 4 – First Aid Measures

General Advice
Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

If inhaled
If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

In case of skin contact
Wash with plenty of water. If skin irritation occurs: get medical advice/attention. Take off contaminated clothing and wash it before reuse.

In case of eye contact
Rinse cautiously in water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advise/attention.

If swallowed
Call a poison center/doctor if you feel unwell. Rinse mouth.

Section 5 – Fire Fighting Measures

Extinguishing Media:
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special Fire Fighting Procedures:
Wear self-contained breathing apparatus for fire fighting if necessary.

Unusual Fire And Explosion Hazards:
Hazardous decomposition products formed under extreme fire conditions. Carbon and other oxides

Additional Information:
Use water spray to cool unopened containers.

Section 6 – Accidental Release Measures

Methods for Containment and Clean Up
- Keep in suitable, marked and closed containers for disposal.
- Pump into salvage tanks and/or absorb with suitable material.
- Warn other workers of spill. Floor will be slippery.
- Wear protective equipment
  - Gloves
  - Safety Glasses
- Do not allow material to be released into the environment.
- Prevent spilled material from entering the ground, water and/or air by using appropriate containment methods.

Additional Information:
- See Section 7 for safe handling information.
- See Section 8 for PPE information
- See Section 13 for disposal information

Section 7 – Handling And Storage

Handling:
Avoid contact with skin and eyes. Use with adequate ventilation to maintain exposure levels below established exposure limits. Wear personal protective equipment.

Storage:
Keep containers tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Section 8 – Exposure Controls And Personal Protection

**Engineering Controls:**
- Showers
- Eyewash stations

**Respiratory Protection:**
Use in a well-ventilated area. Use NIOSH Approved Respirator when risk assessment shows air – purifying respirators are appropriate. Use multipurpose combination respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator.

**Protective Gloves:**
Chemical Resistant

**Eye Protection:**
Safety Glasses With Side Shields Or Goggles

**Other Protective Equipment:**
Wear Protective Clothing, Chemical Resistant Or Other Protective Outerwear, Avoid Contact With Skin Or Eyes.

**Ventilation:**
Local Exhaust: Use To Maintain Below TWA Limits

**Mechanical:**
No Data Available

**Work / Hygienic Practices:**
wash thoroughly after handling product and before eating, drinking or smoking

---

**Section 9 – Physical And Chemical Properties**

**Form:** liquid
**Color:** clear
**Odor:** Not established
**Odor Threshold:** Not Established
**pH:** Not Established
**Melting point/range:** Not Established
**Initial boiling point:** Not Established
**Flash point:** > 200° F.
**Evaporation Rate:** Not Established
**Upper/lower flammability or explosive limits:** Not Established
**Vapor pressure** Not Established
**Vapor density** Not Established
**Relative density** Not Established
**Solubility(ies)** Water: 100%
**Partition coefficient: n-octanol/water** Not Established
**Auto-ignition temperature** Not Established
**Decomposition temperature** Not Established
**Viscosity** Not Established
**Total VOC** < 10 g/l

---

**Section 10 – Stability And Reactivity**

**Stability:** STABLE

**Materials to avoid:** Strong oxidizing agents
Hazardous Polymerization: Will not occur.

Conditions to avoid: Not established

Hazardous Decomposition Products: Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Carbon and other oxides

**Skin Corrosion/Irritation**
No data available

**Serious Eye Damage/Eye Irritation**

Sodium Nitrate
Eyes - rabbit - Moderate eye irritation - 24 h - OECD Test Guideline 405

1-Methoxy-2-propanol
Eyes - rabbit - Mild eye irritation - 24 h

**Respiratory Or Skin Sensitization**
No data available

**Germ Cell Mutagenicity**

Benzotriazole
Genotoxicity in vitro - rat – Embryo Morphological transformation.

**Carcinogenicity**

Benzotriazole
Carcinogenicity - rat - Oral
Carcinogenicity - mouse - Oral
Tumorigenic: Equivocal tumorigenic agent by RTECS criteria. Lungs, Thorax, or Respiration:Tumors. Lungs, Thorax, or Respiration: Bronchiogenic carcinoma.

IARC: 2A - Group 2A: Probably carcinogenic to humans (Sodium nitrite)
ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by NTP.
OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

This product contains a component that is not classifiable as to its carcinogenicity based on its IARC, ACGIH, NTP, or EPA classification.

**Reproductive Toxicity**
No data available

**Specific Target Organ Toxicity Single Exposure**

1-Methoxy-2-propanol
May cause drowsiness or dizziness.
NMP
Inhalation - May cause respiratory irritation.

**Specific Target Organ Toxicity Repeated Or Prolonged Exposure**

NMP
Prolonged or repeated exposure can cause:, Vomiting, Diarrhoea, Abdominal pain, Rats exposed to 1-methyl-2-pyrrolidinone at a concentration of 1 mg/L as an aerosol for 10 days showed depletion of hematopoietic cells in the bone marrow and atrophy of the lymphoid tissues of the thymus, spleen, and lymph nodes.
Aspiration Hazard
No data available

Potential Health Effects
Inhalation
No data available

Ingestion
Harmful if swallowed.

Skin
Causes skin irritation

Eyes
Causes serious eye irritation.

Section 12 – Ecological Information

General Comments:
Do not allow material to be released into the environment without proper governmental permits

Environmental Toxicity:

NMP
Toxicity to fish
LC50 - other fish - 4,000 mg/l - 96 h
LC50 - Leuciscus idus (Golden orfe) - > 500 mg/l - 96 h

Toxicity to daphnia and other aquatic invertebrates
EC50 - Daphnia magna (Water flea) - > 1,000 mg/l - 24 h

Toxicity to bacteria
LC50 - Bacteria - > 9,000 mg/l

1-Methoxy-2-propanol acetate
Toxicity to fish
mortality LC50 - Salmo gairdneri - 100 - 180 mg/l - 96 h
Method: OECD Test Guideline 203

Toxicity to daphnia and other aquatic invertebrates
Immobilization EC50 - Daphnia magna (Water flea) - > 500 mg/l - 48 h
Method: Tested according to Annex V of Directive 67/548/EEC.

Harmful to aquatic life.

1,2-Propanediol
Toxicity to fish
mortality NOEC - Pimephales promelas (fathead minnow) - 52,930 mg/l - 96 h

Toxicity to daphnia and other aquatic invertebrates
mortality NOEC - Daphnia - 13,020 mg/l - 48 h

1-Methoxy-2-propanol
Toxicity to fish
No data available

Toxicity to daphnia and other aquatic invertebrates
No data available

Sodium Nitrate
Toxicity to fish
flow-through test LC50 - Oncorhynchus mykiss (rainbow trout) - 0.94 - 1.92 mg/l - 96.0 h
mortality NOEC - Oncorhynchus mykiss (rainbow trout) - 0.54 mg/l - 96.0 h
Toxicity to daphnia and other aquatic invertebrates

**Benzotriazole**
Toxicity to fish
LC50 - Lepomis macrochirus (Bluegill) - 25 mg/l - 96.0 h

Toxicity to daphnia and other aquatic invertebrates
EC50 - Daphnia magna (Water flea) - 91 mg/l - 48 h

Harmful to aquatic life with long lasting effects.

**Lithium chloride**
Toxicity to fish
LC50 - Ptychocheilus lucius - 17 mg/l - 96 h

Toxicity to daphnia and other aquatic invertebrates
EC50 - Daphnia magna (Water flea) - 1.2 mg/l - 64 h

Harmful to aquatic life.

---

**Section 13 – Disposal Considerations**

**Waste Disposal Method:**
Product:
Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material. Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

**Contaminated Packaging**
Dispose of as unused product.

---

**Section 14 – Transportation Information**

**Hazardous for Shipping:** No

---

**Section 15 – Regulations**

**TSCA (Toxic Substances Control Act) Regulations, 40 CFR 710:** All hazardous ingredients are on the TSCA Chemical Substance Inventory.
